

Eliminator NRG

THE FASTEST, LIGHTEST, STIFFEST AND RESPONSIVE RIDE AVAILABLE

Our fastest, stiffest and most responsive ride available. A carbon fibre main frame provides increased strength, giving racers a smooth ride and controlled handling. The 200-gram full carbon fork features an aerodynamic design that flows into the headtube, creating clean lines for a sleek appearance.

Yes, you can.®

Eliminator NRG

For elite racers seeking to be at the top of the podium.

Standard Features

- A tailored and fitted hybrid cage gives athletes the ability to fine tune their positioning, so they can optimize their power transfer to the ground

- 700C high performance rear wheels
- Multi-position brake lever
- Straight axle tube with rear wheel alignment
- New and improved racing compensator
- 20" front wheel
- Rubber-coated 3/8" diameter aluminum rims
- 100kg (220lb) weight capacity

Features

The Custom Seat Frame on the Top End Eliminator NRG Racing Wheelchair features a tailored and fitted hybrid cage giving athletes the ability to fine tune their positioning, so they can optimize their power transfer to the ground.

A carbon fibre main frame on the Top End Eliminator NRG Racing Wheelchair provides increased tensile and yield strength, giving racers a smooth ride and controlled handling.

A new and improved racing compensator improves turning radius and zero-play confidence on the Top End Eliminator NRG Racing Wheelchair, and a multi-position brake lever can be placed anywhere on the steering handle to accommodate the racer's preference.
