

With my Fusion,
"too far" does
not exist.

FUSION™ 2 in 1

Side-folding rollator
and transport chair.
All in one.

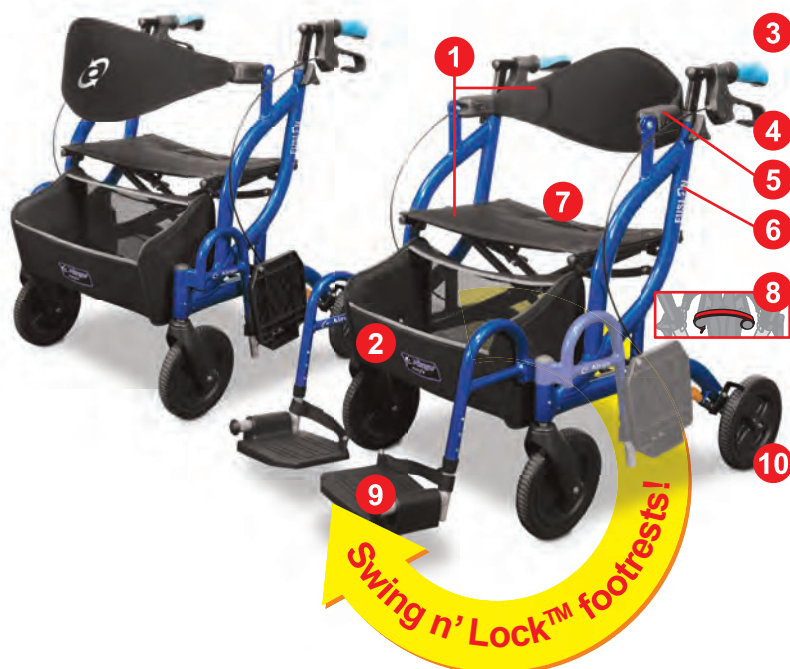

My Fusion™ allows me to remain social and live my life on my own terms. Its lightweight design and unparalleled stability gives me the confidence to walk safely again. But the true advantage of the Fusion™ is that **if I need to rest, a loved one can help me come back in comfort and style.**

I LOVE MY
Airgo®

www.airgomobility.com

« The Fusion's unparalleled stability and lightweight design provide confidence in either mode. Plus folding it for storage and travel is as easy as pulling a strap. »

- 1 – Padded seat and full contoured backrest for superior comfort.
- 2 – Collapsible soft basket doesn't need to be removed when folding and is machine washable.
- 3 – Ergo-form handgrips fit comfortably and provide natural brake access.
- 4 – Easy to activate brakes feature tool-free adjustments.
- 5 – Convenient armrests reverse with backrest for support in either mode!
- 6 – Lightweight frame designed for superior stability.
- 7 – Easy to fold & store by the pull of a strap.
- 8 – Locks in open position for additional security and when folded for safer lifting.
- 9 – Removable footrests lock conveniently to the side of the frame.
- 10 – Comfort-Grip indoor/outdoor 8" wheels are non-marring.

Ideal for arthritic hands, the footrests and backrest simply swing in place. No need to add or remove components!
